

REMARKS

Applicants present this amendment to correct a single word, "antioxidant," in Claim 21. The word is obviously in error and should be "polymer," as is clear from Claim 21 as it was originally submitted. Applicants apologize for having to submit this amendment, but the error was not discovered until the Brief was being prepared and without the correction, the claim is confusing.

The Examiner is respectfully requested to enter this amendment as it makes only a minor correction to a single claim and eliminates the need to discuss the error on appeal.

Respectfully,
